

# Centre for ADHD Awareness Canada

## 2018 ADHD in Education Awareness/Advocacy Campaign

### To Help Bring Awareness and Advocate for Students with ADHD Your MPP/MLA Needs to Hear From You!

CADDAC receives countless calls from concerned and frustrated parents seeking education resources for their children with ADHD. Your government representatives think that you do not care about the lack of recognition and resources for students with ADHD in our Canadian schools since they do not hear from you.

**For Change to happen, parents and others with an interest in students with  
ADHD need to speak out!**

**Access information on current campaigns and how to speak out:  
in Ontario, in British Columbia and across Canada**

To access, additional details, on our Advocacy Efforts, Policy Papers and  
media releases
