Canadian Parents'/Guardians Perspectives about the Impact of COVID-19 School Closures on Students with Special Educational Needs

Are You:

***The parent/guardian of a school-aged child/youth with
special educational needs?***

***Has your child/youth been affected by school closures
due to COVID-19?***

I would like to invite you to participate in an important research study exploring the impact of school closures on students with special educational needs and their parents/guardians.

Your participation in this study will involve completing a 15-20 minute online survey that will consist of single answer and multiple answer options. You may access the survey at **<https://www.surveymonkey.com/r/Impact-COVID-19-Students-with-Special-Education-Needs>**

The online survey is anonymous and anonymity will be strictly maintained in this research study. Thank you for your consideration.
